Redgate Smithy is a quality B&B on the edge of Bodmin Moor, just above Golitha Falls, and situated in the heart of SE Cornwall, perfect for exploring Cornwall. Dog walks on the doorstep, with an opportunity for a good run around just down the lane at Golitha Falls. Built around 200 years ago, Redgate Smithy is now a friendly and professionally run Bed & Breakfast in Cornwall, with attractive rooms, very comfortable beds, and a very extensive and tasty award winning breakfast menu. We have a lovely woodland garden for guests' use, with a patio and other seating areas - sit back and listen to the buzzards mewing as they soar overhead! We have a large conservatory which guests are also free to use at any time, and comfortable beamed, well equipped cottage style bedrooms. Each bedroom has its own Freeview Digital TV, Wi-fi access, and tea & coffee making facilities. Downstairs we have a laptop set up for guests' use, for internet access and email. Our local village is St. Cleer, near Liskeard, and we are very close to Siblyback Lake, where there is a wonderful 3-mile lakeside dog walk, and to the World Heritage Site for Cornish Mining at Minions. There are many excellent dog-friendly pubs locally that we can recommend for your evening meal. We are easily accessible from both the

A30 on Bodmin Moor, and the A38 from Liskeard. We have been awarded AA Four Stars for Guest Accommodation, and have also been awarded the AA Breakfast Award and the Secta Green Acorn Sustainable Tourism Award. Children over 12 welcome. Off-road parking.
